

Miter Magic Supply Information

Kits are \$35 which includes precut fabric of 24 -7"x7" squares and 24-2" strips. This makes a nice size throw. Extra kits are available to make a larger quilt.

- The usual sewing supplies (machines, scissors, rotary cutter, mat, pins, seam ripper, ruler, etc.)
- 8 ½" (or larger) square ruler. Available from the instructor - \$20.00

Participants can bring their own fabric. Be prepared to purchase a pattern if you bring your own fabric.

From the instructor - "It does add a degree of difficulty if some bring their own and others buy the kit. Those with kits will be ahead of those that bring their own unless they cut the fabric ahead of time. If they are bringing their own the strips should be different then the squares. The greater the variety the better."
