Traveling Challenge Quilts

As I announced at a guild meeting, I sent an email attaching the pdf of our Challenge Quilts to Mark Satlof who was a person I found on the internet listed as a Carole King contact. To my amazement Mark, who is in music public relations, emailed me within hours. He had forwarded the pdf to Sherry Kondor, Carole's agent. They both loved our quilts and wanted my phone number! Sherry called me and asked if they could use some of our quilts in a video being produced to celebrate the 50th anniversary of the Tapestry album. Sherry and her staff chose 11 quilts they felt represented what they were looking for. The quilts they chose are numbers 2, 4, 6, 8, 9, 10, 13, 16, 19, 20, 22. I have been working with Sherry's assistant, Emily Gold coordinating everything. The quilts were shipped to California on Tuesday, January 19th. As soon as I have definitive information about how the quilts are being used I will share it with all of you. This is quite exciting for our guild!!

PS: I looked up Sherry Kondor on the internet and lo and behold she is Sherry Goffin Kondor, Carole's daughter.
