

Back Splash Supply Information

Kits are available for \$60. This includes precut fabric of 24 - 4" strips and 24 - 2" strips. The kit contains a total of 6 yards of fabric.

- 45 degree triangle ruler, available from the instructor - \$10.00
- The usual sewing supplies (machine, pencil, thread, rotary cutter, mat, scissors, seam ripper, pins, etc.)
- A 4" wide ruler would be helpful, but a regular ruler will work. Instructor will have 4" rulers for sale for \$15. The 4" ruler is very helpful and faster.

Participants can bring their own fabric following these guidelines -

This is from the back of the pattern - *"A 1/4 yd each of 15 different fabrics in 5 color ways, 3 fabrics (a light, medium, and a dark) in each of the color ways and 1 yd of contrasting fabric for the background and border. "*

From the instructor - "The light fabrics need to be 1/2 yard cuts, with the medium and dark fabrics 1/4 yard cuts. The background fabric can be the same as one of the dark fabrics. I used the dark green. The background fabric needs to be at least 1 1/4 yards or more. The light should be cut in 4" strips and the medium and dark in 2" strips.

Be prepared to purchase a pattern if you bring your own fabric.

It is probably wise to wait until class and instructions before doing any cutting.
